EXECUTIVE SUMMARY

Final-year B.Tech Artificial Intelligence & Data Science student with developed skills in Artificial Intelligence, Machine Learning, Generative AI, and Data Science. Capable of applying technical concepts to real-world problems through multiple industry internships and AI-based projects. Interested in contributing to roles in Software Development, Artificial Intelligence, Machine Learning, Data Science, and Generative AI.

TECHNICAL SKILLS

Programming Languages : Python | C | C++ | SQL ; **Core Areas:** LLM | RAG | GenAI | NLP | Prompt Engineering

Frameworks & Libraries: TensorFlow | Scikit-Learn | Pandas | NumPy | Seaborn | Matplotlib | Streamlit

Developer Tools: Git | GitHub | REST APIs | Jupyter Notebook | Langflow | Antigravity

SOFT SKILLS

Leadership | Communication | Team Collaboration | Problem Solving | Critical Thinking

PROFESSIONAL EXPERIENCE

- **Technical Lead | Blue Screen Programming Club | September 2025 to the present, HITS**
Mentored 120+ students in Python, AI, and Machine Learning through workshops and coding sessions.
Organized hackathons while guiding students in software development and problem-solving.
- **Intern in Generative AI | Techobytes Technologies | June 2025 - July 2025, Chennai**
Developed Python-based software prototypes using Generative AI technologies and REST APIs; Applied problem-solving and software engineering principles while implementing AI-driven applications.
- **Intern in Artificial Intelligence | Imitate Labs | October 2025 - November 2025, HITS**
Built AI-powered video intelligence features including scene detection and content tagging.
Tested and optimized machine learning pipelines for production-ready applications.
- **Intern in Machine Learning | Shias Info Solutions Pvt. Ltd. | August 2024 - November 2024**
Developed a **multilingual translator app** supporting 60+ language; Implemented Streamlit UI, language detection, and TTS features; Worked in an agile environment with real deployment exposure.

RELATED PROJECTS

- **MURPH: Multimodal Understanding and Reasoning Platform for Human support (Ongoing)**
Built an AI emotional companion using text, and facial emotion recognition for personalized conversations.
Designed multimodal response workflows integrating memory, reasoning, and emotion analysis.
- **AI based Time Table Scheduler built on SQLite (ongoing) github.com/Divakar1326/TT_scheduler**
Developed an automated timetable scheduler that generates conflict-free academic schedules.
Optimized scheduling using faculty, classroom, subject constraints and Google Gemini 3 as reasoning engine.
- **Application for Multilingual Translation github.com/Divakar1326/Multilingual_translator**
Implemented a multilingual translation application supporting 60+ languages using Python and Streamlit.
Integrated translation APIs, language detection, and text-to-speech features using whisper module.
- **AmbuClear: Intelligent Ambulance Clearance System github.com/Divakar1326/AMBUCLEAR**
Engineered an intelligent ambulance clearance system with GPS-based route optimization.
Built backend logic for emergency routing and real-time traffic decision support using Google maps.
- **Predicting Stock Prices with LSTM github.com/Divakar1326/Future-Ticks**
Created an LSTM model to forecast stock prices using historical market data.
Visualized predictions through interactive dashboards for trend analysis via yahoo's 10yrs live dataset.
- **Mobile Network Analyzer github.com/Divakar1326/network-analyzer**
Developed a Python and Streamlit based network analysis tool for measuring cellular signal strength and internet performance. Integrated ADB for real-time device communication and data collection.

EDUCATION

HINDUSTAN UNIVERSITY, CHENNAI | B.Tech - Artificial Intelligence & Data Science | 2023 - 2027 | CGPA: 9.55

Relevant Coursework: Data Structures & Algorithms, Operating Systems, Database Management Systems
Artificial Intelligence, Machine Learning, Deep Learning, Big Data, Image and Video analysis, Automations.

KEY ACHIEVEMENTS & CERTIFICATIONS

- **Certificate of Excellence** – Student Ambassador, IIT Kharagpur 2026. | **ChatGPT Bootcamp** -LetsUpgrade
- **Participant** – OpenAI Academy × Nextwave State level Buildathon | **prompt Engineering** bootcamp - LetsUpgrade
- **Organizer** – 24-Hour National Hackathon (Intellithon) | **Organizer** – Industry–Institution Summit 7.0
